NEW MEXICO "LOOKS GOOD"

(Continued from Page One.)

as a result of the good weather this
year. There is heavy colonization
work going on in the east and else-
where. But I feel sure that New
Mexico is getting so developed that
the man who comes out to the terri-
tory will stay and the class of immi-
gration is of the best. This is most
encouraging.

Mr. Fox and Mr. Kurn walked up
town and were warmly greeted by
many of the friends among the busi-
ness men of the city. Mr. Fox was
evidently pleased to find the coolest
place on the entire Santa Fe system
and although he had his coat off

when he walked up town it was due
more to habit than necessity. "You
have a great climate here" he said
"and it is a pleasure to see the old
city is growing, with new residences
springing up and many improvements
in the business section."

BETTER FEELING ON STOCK AND GRAIN MARKETS.

Corn Goes Sharply Higher and Pro-
visions Have Firm Tone.—Trad-
ers More Cheerful.

(By Special Leased Wire to New Mexican)

Chicago, Ill., July 11.—With the corn
crop report construed as bullish and
with the European visible supply ex-
pected to show a big decrease, the
wheat market today had an upward
turn. On the other hand, the heavy
offerings of the new crop of wheat
affected September started at 90 5-8
a gain of 1-2 to 7-8, but reached to
90 1-4. Corn went sharply higher, on
account of the government figures and
because of the hot weather. Septem-
ber opened 1-2 to 1 cent up at 65
to 65 1-2. The market steadied
around 65 1-8.

New investors competed with shorts
for meagre offerings of oats. Sep-
tember started 1-4 to 3-8 @ 1-2 to 5-8
higher at 46 1-2 to 46 3-4 and fell
back to 46 1-4.

Grain strength gave provisions a
firm tone. Initial sales were un-
changed to 5 cents higher with Sep-
tember delivery 8.45 for lard and 8.50
for ribs. There was little done in
pork.

Chicago, Ill., July 11.—Wheat closed
firm 3-8 cent up for September.

Corn closed, steady at gain of 1 1-4
@ 1 3-8 for September.

Wall Street.

New York, July 11.—Prices of stock
ruler somewhat higher during the
morning, following yesterday's reac-
tion on publication of the government
crop report. Traders today took a
more cheerful view of the crop report
laying special stress on the increase
in corn acreage and the grain carry-
ing railroads were among the strong-
est in the list.

Bonds were generally firm. There
was considerable selling on Ameri-
can Tobacco fours which declined
1 1-2.

Business was scanty but purchases
were at a high level the early after-
noon prices showing most of the prin-
cipal railroad stocks ruling about a
point above yesterday's close.

Union Pacific, Southern Pacific, and
St. Paul, Atchison, Reading, Lehigh
Valley, and U. S. Steel were com-
paratively in the upward movement
at intervals.

nary, 7.28; ordinary, 7.03; Sales, 8,000
bales.

The market closed steady.
New York, July 11.—Cotton—Spot

dling uplands, 14.25; middling gulf,
